On November 14, 2012 at about 0152 hours Carlsbad Police Officers responded to an attempted burglary at the Chase Bank, 2219 Palomar Airport Road in Carlsbad, California. Police received information that two suspects were using cutting tools in an attempt to force open an exterior ATM. The suspects abandoned their efforts and started to leave the area in a "lifted" red Ford Pickup truck.

Officers arrived and found the ATM damaged from the attempted burglary but, as this press release was written, no loss was reported.

Officers located the pickup truck, unoccupied, a short distance from the bank. Carlsbad Police officers, a San Diego Sheriff's Department Air Support helicopter and a Carlsbad Police K-9 team searched the area for the suspects, but they were not located.

A cutting torch was found in the pickup truck. The pickup truck was seized as evidence and the investigation continues.
